

Submission system All abstracts must be submitted online through Iranian Society of Radiology website: WWW.ISR.ORG.IR

Registration fee:

Registration fee will be free for the presenter of oral accepted article.

Submission guidelines

Select Type of Research:

1. Original
2. Review and Educational
3. Case Report

Select Subspecialties:

1. Body Imaging:
 - Imaging of the abdomen and pelvis (GI, GU)
2. Interventional Radiology:
 - Interventional techniques such as biopsy, vascular treatments, etc.

- Interventional radiology in cancer

3. Pediatric Radiology:

- Imaging and diagnosis in children
- Specific cases and challenges in pediatric radiology

4. Oncology Radiology:

- Imaging and diagnosis of cancer
- The role of radiology in cancer treatment

5. Cardiovascular Radiology:

- Cardiac imaging (such as CT and MRI of the heart)
- Angiography

6. Neuroradiology:

- Imaging of the brain and nervous system
- Diagnosis of neurological diseases

7. Musculoskeletal Radiology:

- Imaging of bones and joints
- Diagnosis of sports injuries

8. Women's Radiology:

- Mammography and breast imaging
- Specific examinations for women

9. Emergency Radiology:

- Management of images in emergency situations
- Diagnostic challenges in the emergency department

10. Innovative Technologies in Radiology:

- Artificial intelligence and machine learning in imaging

- Technological advancements

Select presenter author

Author Guidelines:

Abstract Structure:

- Title of the Article:
 - The title should be concise and informative.

- Author Names:
 - Full names of authors along with their institutional affiliations.

- Abstract:
 - Introduction: State the problem and significance of the topic.
 - Objective: Specify the main aim or research question.
 - Methods: Brief description of study design, data collection, and analytical methods.
 - Results: Key findings and main results of the research.
 - Conclusion: Overall conclusion and suggestions for future research.

- Keywords:
 - 3 to 5 keywords related to the topic

- Please do not include references, acknowledgements, graphics, tables or figures in your abstract body.

Important Notes:

- Length of Abstract: between 1000 Characters for each part of abstracts.

- Language: English

- Format: Specify file type (Word and PDF) and format
